

United States Department of Agriculture Animal and Plant Health Inspection Service 4700 River Road Riverdale, MD 20737

Permit to Move Live Plant Pests, Noxious Weeds, and Soil

Continued Curation

Regulated by 7 CFR 330

This permit was generated electronically via the ePermits system

PERMITTEE NAME: Patrik Inderbitzin

PERMIT NUMBER: P526P-17-04585

APPLICATION

P526-17-14-7-04

ORGANIZATION: University of California Davis

APPLICATION
NUMBER:
P526-171117-015

ADDRESS: One Shields Avenue FACILITY NUMBER: 3378

354 Hutchison Hall Davis, CA 95616

MAILING ADDRESS: One Shields Avenue HAND CARRY: No

354 Hutchison Hall Davis

Davis, CA 95616

DATE ISSUED: 12/18/2017 **PHONE:** 9166689078

FAX: EXPIRES:

DESTINATION: University of California//202 and 205 Hutchison Hall, Department of Plant Pathology, Davis, CA 95616

Under the conditions specified, this permit authorizes the following:

Article Category: Plant Pathogens - Fungi

Regulated Article Life Stage(s) Intended Use Originally Collected Culture

<u>Designation</u>

Verticillium Mycelia, Spores Research - Lab Originally Collected from Foreign and

Domestic Locations

PERMIT GUIDANCE

Receipt or use of foreign isolates or samples from countries under sanctions requires specific permission from the U.S. Department of Treasury (see

http://www.treasury.gov/resource-center/sanctions/Programs/Pages/Programs.aspx for current country/regional listings) for current country listings.

This permit does not authorize importation, interstate movement, and/or environmental release of strains of genetically engineered regulated organisms (created by the use of recombinant DNA technology).

If an animal pathogen is identified in your shipment, to ensure appropriate safeguarding, please refer to http://www.aphis.usda.gov/import_export/animals/animal_import/animal_imports_anproducts.sh tml.

This permit does not fulfill the requirements of other federal or state regulatory authorities. As appropriate, please contact the U.S. Environmental Protection Agency, the U.S. Fish and Wildlife Service, the U.S. Food and Drug Administration, the Centers for Disease Control and Prevention, the APHIS Veterinary Services unit, or your States Department of Agriculture to ensure proper permitting.

If you are considering renewal of this permit, an application should be submitted at least 90 days prior to the expiration date of this permit to ensure continued coverage. Permits requiring containment facilities may take a longer period of time to process.

PERMIT CONDITIONS

This permit authorizes laboratory research and the continued curation of the listed organisms, received under prior permit, by Patrick Inderbitzin with the University of California in Davis, California in Containment Facility #3378 (CF#3378).

- 1. The permit holder must:
 - (a) comply with all requirements and permit conditions,
 - (b) maintain a valid permit so long as the regulated organisms are alive,
 - (c) this permit cannot be assigned or transferred to other persons.
 - (d) permittee must maintain a residence in the United States
 - (e) safeguard and dispose of the regulated organisms during the term of this permit,
 - (f) take all necessary precautions to prevent the unauthorized release of regulated organisms. In the event of an unauthorized release, the permit holder must notify the permit unit,
 - (g) adequately mitigate environmental impacts resulting from unauthorized release of regulated organisms,
 - (h) contain any/all organisms not authorized under this permit,
 - (i) notify the permit unit of the receipt of unauthorized organisms,
 - (j) notify the permit unit if facilities are destroyed or decommissioned for any reason,
 - (k) maintain an official permanent work assignment at the address on this permit,
 - (l) notify the permit unit in advance of any change in the permit holder's work assignment,
 - (m) destroy all regulated organisms prior to departure unless other arrangements are confirmed by the permit unit prior to the permit holder's departure, and
 - (n) notify the permit unit of the destruction of regulated organisms.

THIS PERMIT HAS BEEN APPROVED ELECTRONICALLY BY THE FOLLOWING

Notifications to the permit unit must be made via 866-524-5421 or pest.permits@aphis.usda.gov within one business day of the event triggering a notification.

- 2. Without prior notice and during reasonable hours, authorized PPQ and/or State regulatory officials shall be allowed to inspect the conditions associated with the regulated organisms authorized under this permit.
- 3. No new shipments are authorized under this permit.

WARNING: Any alteration, forgery or unauthorized use of this Federal Form is subject to civil penalties of up to \$250,000 (7 U.S.C.s 7734(b)) or punishable by a fine of not more than \$10,000, or imprisonment of not more than 5 years, or both (18 U.S.C.s 1001)

- 4. All research activities must occur in the permit holder's laboratory facilities within CF#3378 that have been inspected and found adequate for containment of the organisms received under this permit. Access to laboratory facilities must be restricted to authorized personnel.
- 5. Plant inoculations are not authorized under this permit.
- 6. Organisms must be maintained or stored in the permit holder's laboratory facilities within CF#3378. All stored organisms must be kept in a locked area with access restricted to authorized personnel.
- 7. A record must be kept of all organisms maintained under this permit. Minimally this record will consist of the name of the organism identified to the lowest taxon possible, the country where each isolate was collected, and the date the isolate was received. This record will be made available upon request.
- 8. Upon completion of research, all organisms not retained for future use must be destroyed by heat or chemical treatment prior to disposal. All glassware and other materials used to conduct research must be decontaminated prior to reuse or disposal.
- 9. There is to be no further movement or distribution of organisms within the United States and its territories unless the recipient holds a valid permit for receipt of such organisms.
- 10. All persons working with these organisms must be informed of these permit conditions. Anyone working with these organisms must agree to and sign/ initial these conditions before beginning work. These signed conditions do not need to be submitted to USDA/ APHIS but must be readily accessible in the event of an inspection and presented upon request.
 - Note: these conditions may be copied and stored electronically for electronic signature and initialing provided that the permit number, authorized organisms and life stages, release locations if applicable, and authorization statement all appear on the document with the permit number. Signing these conditions only indicates that the person working under this permit has read them; the permit holder is the sole responsible party under this permit.
- 11. Under the Plant Protection Act, individuals or corporations who fail to comply with these conditions and authorizations, or who forge, counterfeit, or deface permits or shipping labels may receive civil or criminal penalties, and may have all current permits cancelled and future permit applications denied.
